Dear Construction Industry Colleague,

The New England Building Officials Education Association (NEBOEA) is pleased to offer a limited number of opportunities for you to associate your business or organizational website with the NEBOEA website (www.neboea.org). With Member's Only and General sections available to all viewers, the NEBOEA website is visited often by people related to the construction industry, including builders, remodelers, design professionals and code professionals seeking code related information. A sponsorship link to your website would give our viewers the opportunity to investigate the products or services available from your business or organization at a time when they are actively seeking construction-related information.

A limited number of sponsorship links are available on our site. A nominal fee of \$250.00 will activate a twelve month subscription. In addition to the link to your website, a Sponsor Directory will list your firm or organization with an appropriate graphic, contact information and an informational blurb describing the products and services you offer.

Thank you for your valued participation.
